3. State Highway Bonds: For 488; Against 161.

4. Direct Primary: Yes 343; No 311.

5. Land Taxation: Yes 215; No 730.

6. Ineligibility to Office: Yes 440; No 163.

7. Amending Highway Act: For 452; Against 185.

Total vote in all precincts 1116.

CERRITOS SCHOOL MOTHERS GET BUSY

An enthusiastic rally of members of the P. T. A. of the Cerritos school was held last Friday afternoon at the school house. About seventy-five ladies were present, fifty-three of whom enrolled as members for the coming year.

It was a distinctly feminine affair and a good many women worked industriously at their crocheting, tatting and embroidery in the midst of a hum of conversation which at times threatened to seriously interfere with the transaction of business, especially as the chairman, Mrs. A. H. Gaarder lacked a gavel and could only enforce order by means of a rap with a pencil.

The chief business of the meeting was the election of a president to take the place of Mrs. John Seaman, whose resignation the association had been forced to accept with regret.

Mrs. Gaarder, Mrs. Hartley Shaw and Mrs. Meagher were nominated and nominations declared closed when a member decided she wished to add the name of Mrs. Roberts to the list of nominees. On motion nominations were reopened and Mrs. Kohl and Mrs. Roberts duly nominated. Mesdames Gregory, Miller and Gray were made tellers to collect and count the ballots and presently reported a tie between Mrs. Gaarder and Mrs. Shaw. Each of the leading ladies then tried

ROBERT B. MORTON

MRS. M. KLICH, Antiquarian

All kinds of Antique Jewelry, Silver-ware, English Plate, Porcelain, Old Laces, Bric-a-brac, Old Engravings, Paintings, Etc., bought, sold and exchanged.

Broken Jewelry Taken for Cash

614 West Sixth St., between Grand and Hope

LOS ANGELES, CAL.

to persuade the association to make the vote unanimous for her rival, but their recommendations were ignored and a second ballot taken, which gave Mrs. Gaarder a few more votes than Mrs. Shaw received and she was declared elected, all the time protesting that she knew nothing about presidential procedure or parliamentary law.

The selection of chairmen of committees was then in order. Mrs. Shaw was made chairman of programs, Mrs. Strong of membership, Mrs. Walsh of refreshments, Mrs. Todd of hospitality.

The question of buying a picture to be used in connection with the attendance contests came up and a protest was made on the grounds that so many other things were needed by the school. "What things?" some one inquired. Mrs. Hartley Shaw responded by declaring that the most crying need was new plumbing (Applause.) "I, for one," she declared, "would be willing to get out and work for another bond election. We could carry it easily if we took an interest." (Prolonged applause.)

As a result of Mrs. Shaw's courageous stand, a motion to appoint a committee to work for another bond election was enthusiastically carried and Mrs. Shaw was made chairman of the committee, other members being Mesdames Roberts and Todd.

Mrs. Gregory was made chairman of Emergency Committee to be as-

sisted by Mesdames Kennedy and Roberts.

Mrs. Wattles' appeal for donations of clothing for needy families was referred by the president to the emergency committee.

Mrs. Todd asked members to bring papers and magazines to her home to be sold as old paper, the proceeds to be used for charity. It was also suggested that paper be collected at the Cerritos school and sold.

Mrs. Strong reported that seven mothers were ready to donate strong rooted plants for the improvement of the school yard.

Miss Elias explained that the school law requires that windows be opened and all rooms ventilated during intermissions. For that reason they are draughty and she wished mothers would encourage their children to go out doors and play at those times instead of shivering indoors.

Mrs. Curtiss' room won the picture contest and the meeting adjourned.

A relic of early days in the West was discovered the other day by workmen engaged in demolishing an old sawmill at Truckee. An old bell used by the Vigilantes when they felt the necessity of taking the law into their own hands, was uncovered.

TROPICO INTER-URBAN SENTINEL

(Established 1910)

Published every Thursday at Tropic, California, and devoted to the best interests and future welfare of the most healthful city in the San Fernando Valley. Come and see for yourself.

Gertrude Gibbs .. Editor and Owner
Edith A. Cross Associate Editor
Telephone: Glendale 1500.

"Entered as second-class matter May 23, 1916, at the postoffice at Los Angeles, Cal., under the Act of March 3, 1879."

OFFICIAL PAPER OF THE CITY
Subscription, \$1.00 per year.

Advertising rates furnished on application. The Value of the Tropic Interurban Sentinel as an advertising medium is obvious when its field at the head of the San Fernando Valley is considered. The nature of the paper, the character of its subscribers and the class of advertising it carries tell the whole story.

The stock argument that was overworked in the Illinois Suffrage Campaign as it was in California, that it is superfluous to give the ballot to women because they "won't take an interest and won't use it," has been exploded in this election in the "sucker" state as well as here. In Chicago alone 300,000 women voted, some going without breakfast to be early at the polls, and at congested points where voting facilities were inadequate, they formed in line and waited their turn. They also discovered in Chicago that it did not necessarily disrupt the home when Ma voted for Wilson and Pa. voted for Hughes.

The seventy-five women who attended the P. T. A. meeting in the Cerritos school house last week were evidently agreed that bonds must be voted for the renovation of plumbing in that structure and for any other improvements needed to make it sanitary. Now that they have taken hold of the matter as a promotion committee of the whole, something will be done. One member reported that the kindergarten children were afraid to visit the basement for fear they would "fall in." A grandmother

TROPICO Interurban SENTINEL

who heard of the movement declared that were she on the board and influential with other members, she would close the school until the plumbing was renovated. "It would be just as reasonable as to close it during an infantile paralysis scare," she contended, "because under present conditions we are liable to an outbreak of diphtheria or typhoid."

In the face of the big vote cast for the re-election of a president who "has kept us out of war and saved our children," we cannot consistently ignore our own civic obligations to save our children from death or wasting disease by voting the money required to put our school house in sanitary condition.

KONTTY QUESTIONS

To City Marshal and License Collector Gould is attributed the solution of the conundrum recently propounded to the City Council: "When is a cesspool digger not a cesspool digger?" It grew out of the digging of such a hole by an unlicensed non-professional. Billy met the emergency by suggesting the abolition of licenses for the diggers and the substitution thereof of a permit for the hole. Attorney Shaw worked it out in the ordinance adopted last week published in this issue. It will simplify collections in the Building Department.

No less involved was the question presented at the last meeting by Mr. Howard of Glendale who does business in Los Angeles and makes the trip daily by auto via Brand boulevard et al. He goes in the morning and returns at night; says he is not in the jitney business but has been in the habit of picking up a few regular passengers who go his way, are glad to ride with him and help pay his gasoline bills. He recently took out a taxicab "anywhere to anywhere" license at the City Hall, but that does not make his case tally with the requirements of the ordinance as he makes one "regular trip" and over a definite route. It isn't all sunshine to be a councilman.

TROPICO ASTONISHED BY MERCHANT'S STORY

A merchant relates the following: "For years I could not sleep without turning every hour. Whatever I ate caused gas and sourness. Also had stomach catarrh. ONE SPOONFUL buckhorn bark, glycerine, etc., as mixed in Adler-i-ka relieved me INSTANTLY." Because Adler-i-ka flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold.—Edwin Virden, Druggist.

CLASSIFIED COLUMN

FOR EXCHANGE—Monrovia property to the cash value of \$3500, or Phoenix, Ariz., property to the value of \$6500. Want Glendale or San Fernando property. Phone Glendale 389-J before 10 a. m.

PAPER hanging and tinting reasonable. All work guaranteed first class. Estimates furnished. C. Fromm, 249 East Third street, Glendale. Telephone 305-J.

KEEP TROPICO LAWNS green by using specially prepared fertilizer from MacMullin's Sanitary Dairy. Sunset 154.

FOR SALE—Great bargain, 100x181. Oak Drive, Ninth street, near Fernando Road. Half price for quick sale. Owner, 127 Coulter Building, Los Angeles. Home phone A-1830.

FOR SALE—A bargain. New bungalow, all conveniences. Inquire of owner, 219 Cerritos avenue, Tropic, Calif.

LOCAL HAPPENINGS

The Thursday Afternoon Club has been invited to send representatives to a reciprocity meeting at which the Van Nuys Woman's Club will be hostess December 6th.

Mr. Arthur N. Greene, assistant to the president of the Saxon Auto Club of Detroit, was the guest of his aunt, Mrs. Charles M. Turck of Glendale avenue, last week.

Miss Josephine Neeley was the week end guest of Mr. and Mrs. Charles M. Turck.

Mr. and Mrs. Leigh Bancroft and Miss Jane Wolf motored to Hollywood and then on to Seagull Inn at Redondo Sunday. It was a nice trip but they did not find the ocean resort quite so attractive as it is in summer.

Mrs. R. T. Smith, wife of the former pastor of the Methodist church of Tropico, is the guest this week of Mrs. E. B. Moore of Blanche avenue. She will visit other friends in this city and be here for some time. Her husband is now Dean of Finance of the Nazarene University of Pasadena.

Mrs. Frank B. Webster of 204 Blanche avenue, entertained last Thursday evening with a duck dinner in honor of Miss Ruth Badger of Los Angeles.

Mr. and Mrs. J. Herbert Smith and their son Seymour left Saturday by auto for the Gallup ranch above Palmdale. They found it a fine country with beautiful views of snow capped mountains but a little lonely for permanent residence. They returned Monday.

Mrs. Will M. Cross of Brawley is the guest of Mrs. Imler and Miss Hickman of Palm Villa this week.

The baby who recently came to the Bridges home on Mountain View avenue is Miss Thelma June Bridges. She continues to like Tropico and is improving daily in size and looks.

The mother and sister of Mrs. Kenneth Wilbur of Mountain View avenue have come from Montana to spend the winter with her.

Mrs. Jonas of Boynton avenue, has moved to Long Beach but is returning once a week to give lessons to her Tropico music class.

Last week Mrs. A. L. Bancroft went to San Diego to represent the Los Angeles Chamber of Commerce in a home products parade organized and managed by the women of San Diego. Mrs. Bancroft was guest of honor and the town was hers to command. Needless to say she was royally entertained and enjoyed herself. It was a fine parade and will set the pace for others which are being planned by women's organizations in Southern California.

A party of school children of Glendale and Tropico enjoyed an outing in the Glendale hills Tuesday chaperoned by Mrs. W. M. Crawford of Central avenue.

Miss Amy Bowerfind, one of Tropico's teachers, as a prospective bride was one of the guests of honor at a matinee party at the Orpheum given by Miss Harriet Nichols of the Monte Vista Apartments, Glendale. Mrs. Edwin Stauffacher, a bride, was also a special guest. There were ten in the party.

As chairman of the Civics Committee of the Thursday Afternoon Club, Mrs. Ella Richardson is endeavoring to secure from the Pacific Electric Railroad the erection of a shelter at the San Fernando stop.

Presbyterian ladies who are members of the Ladies Aid are exceedingly busy with final preparations for their bazaar, which will be held on the afternoon and evening of November 17th, and for which a large stock of aprons, comforters, and fancy articles of all sorts have been prepared. They will meet for their regular luncheon and sewing bee on Thursday of the present week.

A week ago Wednesday little Gertrude Ashton celebrated her tenth birthday with a Hallowe'en party at which ten little friends were guests. Their fortunes were told by a candle, instead of a skeleton they found a ghost in a closet, they played Hallowe'en games and were told Hallowe'en stories and in addition to the birthday cake had Hallowe'en refreshments.

The Epworth League of Tropico will meet Friday night of the present week in the Social Hall of the Methodist church. A business meeting will be followed by a social gathering at 8 o'clock.

The next meeting of the Thursday Afternoon Club, which takes place November 16th, will be an open meeting to which visitors will be admitted on guest cards. The fine musical program provided for this session will be furnished by pupils of the Manual Arts of Los Angeles.

The N. P. Banks W. R. C. will hold an inspection at G. A. R. Hall Friday Afternoon, November 10th. Mrs. Carlin of Long Beach, department president, will be the inspector. Several department officers and others from Los Angeles will be present. The inspection will be followed by a luncheon in honor of the special guests.

Mrs. James Rich is moving from Cypress to Tropico avenue.

RECIPROCITY DAY

Last Thursday was an eventful one to members of the Thursday Afternoon club for on that day it was hostess to the ten clubs of the San Fernando Valley. At its club quarters in the city hall, which had been made very attractive with rugs, flowers and all the embellishing touches which women know how to give, it welcomed representatives from the following clubs: San Fernando Ebells, of which Mrs. T. J. Walker is president; the Woman's Civic League of the same city, of which Mrs. Isabella Granger is president; Burbank Woman's Club, president Mrs. Lela E. Doan; Tuesday Afternoon club of Glendale, of which Mrs. Bartlett is president; Eagle Rock Woman's club, president Mrs. A. D. Thatcher; Lankershim Woman's club, president Mrs. J. W. Deupree; Owensmouth Woman's club, president Mrs. G. Walter Monroe; Van Nuys Woman's club, president Mrs. F. A. Kellogg.

The musical program was somewhat abbreviated by the absence of Miss Bess Chapin who was reported to be under the doctor's care and unable to play. The vocal numbers by Miss Lulu Lanterman, for which Miss Harriet Lanterman furnished the accompaniment, were delightful and included "Tis but a Dream," "The Haunts of the Witches," and "In the Time of Roses."

The program opened with a clever prose poem of greeting composed by Mr. and Mrs. Edgar Fry and read by Mrs. Wesley Bullis to the piano accompaniment of "I Love You California." This made a great hit and put the audience in a mood to respond to the greeting given by the hostess president, Mrs. Charles Wallace Kimberly, to the State and District officers and visiting club women in which she defined "Reciprocity" as "giving in return," saying that in appreciation of the splendid work of these executives and of the courtesies and kindnesses from the valley clubs of which the Thursday Club has been the recipient, "we today, in our small way, with a heart full of love, give you our best."

As the official representative of the City of Tropic Mayor Frank Peters made a brief, effective speech in which he voiced his appreciation of the value to any community of women's clubs and the things they stand for.

A fine, condensed history of Tropic was then presented by Mrs. Virden in which she showed how the district figured in the early and romantic annals of California, how under the name of the San Rafael Grant it came into the possession of the Verdugo family, of the coming of C. B. Richardson in the early sixties and his purchase of land some of which is now a part of the city, of the subsequent purchases by Edward and Sam Ayers, George Rice, Colonel Moore, Lynn Green, Everett Chase, Mr. Crow, Doctor Morgan and others,

of its early unity with Glendale and its early names, Riverdale, Evenden, and Mason, of its final christening as Tropic by the Southern Pacific, and its subsequent history and development into the city whose advantages she set forth in telling phrases and statistics.

Mrs. Ella Richardson followed with reminiscences of pioneer days and the early hardships then endured as shown by the letters and diaries of father Richardson and his wife from which she read extracts.

Mrs. Reed, vice-president of the Los Angeles District was the first of the special guests to respond to greetings. Her theme was "Federation, to which she paid most eloquent tribute. "Federation," said she, "is the antithesis of class and clan. Economically federation is the effort of individuals to promote the common good, with the power of a man united to overcome the limitations of man; morally, federation is man's effort to work out a glorious plan of humanity through the establishment of morality as a balancing force in a system unstable now for lack of it; philosophically, federation is the universal manifestation of the soul's intuitive life."

Mrs. Lloyd Harmon, the district president, followed with a characteristic greeting. She has a genius for saying gracious, appropriate things and with many deft turns of speech voiced her appreciation of the day and what it stood for. She told of her own picnicing in Tropic in early days when everyone rode bicycles, and of the great beauty of the San Fernando Valley then and now.

Mrs. L. V. Hogue, State President, also responded saying that she brought greetings from the Ventura County Federation, which she declared is becoming a very strong association of twenty-five clubs. She paid a compliment to Mrs. Virden, once a Ventura County clubwoman whom they were sorry to lose.

Mrs. Edward Dexter Knight, President of the State Federation and the last speaker on the program, is clearly well fitted for the high office she fills with such tact and grace. Very effectively she told the story of Miss Lucinda Jane Withers and her reciprocity club. She then told some interesting anecdotes of her visits to clubs in other parts of the state, for instance the little club at Fortuna in Humboldt County which raised \$750 for a club house in one year, let the contract for a \$1500 building, and will have it all paid for by the second year. In the same town she found the grandmother's club, a most interesting organization. In the Imperial Valley she had found club women no less progressive. Said she: "As you go about the state everywhere you encounter these wonderful reciprocity meetings and this fine club spirit and you begin to exhale it. At our district convention and our state conventions our ideas all go into the melting pot, the college woman and

the untrained woman, the conservative and the progressive woman meet on a common level in the democracy of service."

She declared the women of Nevada are looking to the club women of California for guidance especially since the granting of suffrage has given them problems of legislation to deal with. She pointed out the important part which California women can play in international affairs by establishing cordial, friendly relations with the aliens in our own state, particularly the Japanese women, and the effect such a course may have on the relations between the United States and Japan.

Coming back to reciprocity, she concluded with these words: "Give the world the best you can give and the best will come back to you."

Mrs. Jones reported for the committee appointed by the valley clubs to suggest a method of getting telephone tolls reduced. The committee suggested appeals to the Railroad Commission either by individual clubs, by clubs in combination or by petitions from the city councils of the cities seeking relief. No action was taken on the report.

Tea was served by the hospitality committee of which Mrs. Henry Bowman was chairman, and in which she was assisted by Mesdames Charles Phillips, E. H. Barnes, C. E. Clemens, and Allen E. Boyce.

The guests then departed after declaring the meeting a great success and pleasure to all concerned.

HOUSEHOLD GEMS

White spots on varnished surfaces can be removed by sprinkling with sal soda. After allowing it to remain a few minutes rub with a cloth saturated with kerosene oil.

Fumed Oak furniture that has a shabby appearance can be renewed by applying Dutch Polishing Wax with a soft cloth. Other highly polished surfaces like automobiles and varnished furniture can be renovated with the same wax and in the same manner.

Ink stains can be removed from floors with a paste made of chloride of lime. After allowing it to remain on the spots for a few minutes, until nearly dry, scrape off and wash with luke warm water.

PROCEEDINGS OF BOARD OF TRUSTEES

Pursuant to adjournment made last week the Board of Trustees convened Manday evening at 7:30 o'clock, instead of Tuesday (election night.)

New Trustee Installed

After the reading and acceptance of the minutes the oath of office was taken by Stephen Veselich, appointed at the previous meeting to fill out the unexpired term of Mr. Boyce, resigned; and his appointment as chairman of the committee on Public Work and member of the committee on Sanitation and Water Committee, was announced by the President.

Jitney Licenses

Applications from W. Demarcus for a taxicab license and from A Follen for a bus license were granted.

Goat Dairy

The application of J. A. Winans, manager of a goat dairy for a permit to sell milk in Tropic, was referred to the Health Officer.

Larsen Appeal

No representative of Mrs. Larsen or the German American Savings Bank appeared to defend their interests when the appeal was brought up for hearing. Trustee Henry reported that Mrs. Larsen had moved to Los Angeles and he had been unable to ascertain her address or communicate with her in regard to a settlement of her claim. A discussion as to the advisability of a compromise of the claim or denying the appeal, ended in a resolution to deny by Alsapch which carried.

Special Privilege Asked

Under the call for oral communications Mr. Howard of Glendale, who recently secured a taxicab license for one year, appeared and asked the privilege of picking up in Tropic a few passengers for Los Angeles in the morning on his way to that city to business. He stated he is not in the jitney business and merely carries a few passengers on his morning trip to help pay his gasoline bills. He also said he is buying all his supplies in Tropic and spending here \$30 to \$40 a month.

Mr. Alsapch held that Mr. Howard was operating a machine daily over a regular route and to a certain extent competing with bus lines which have taken out licenses to do a through business and for that reason he could not be dealt with upon any different footing. The Marshal was therefore instructed to see that Mr. Howard's business was limited to the kind for which his license had been granted him.

Night Watchman

Marshal asked to have a man put on for night service. He reported

that hobos are coming in from the east and that the night demands warrant the employment of a night watchman.

Moved by Henry that a night man be put on November 15th at a salary of \$65 per month, the term of service to be subject to the pleasure of the Board. Carried.

Court Matters

Attorney Shaw reported that cases pending in the Recorder's court for violations of the jitney ordinance would come to trial November 13th; that so long as they are confined to the Recorder's Court he will make no extra charge for service to the city, but that they may be carried to the Superior Court.

Officers' Reports

Reports of officers for October as read by the City Clerk showed fees gathered by the license collector \$18.75.

S. E. Brown, as Recorder, reported 12 warrants issued, one trial, one dismissal, two fines and several cases pending; also the collection of \$18 in fines.

Report of City Clerk showed amount on hand October 1st \$1521.42; receipts from licenses \$47; from building inspections \$29.15; Pacific Tel. and Tel. Co., \$132.07; from Contractor Schelling \$111.93; dog licenses 130.00; auto busses \$29.25; building inspection \$29.69 or total receipts of \$509.80, disbursements \$895.70 leaving balance of \$1134.81.

Report of City Treasurer: Receipts for month, \$509.09; warrants paid out of general fund, \$918.81; leaving balance in general fund \$1134.81.

Paid out of library fund \$86.70, leaving balance of \$230.10 or total balance in all funds of \$2039.12.

Reports ordered placed on file.

San Fernando Lights

The City Clerk reported she had communicated with Mr. Burns of the P. L. and P. Co., relative to San Fernando lights, who said he expected them to be on two weeks from last Wednesday.

Drinking Fountain

President Peters reported that he had the original cup of the drinking fountain and was making an effort to get it repaired; that Mr. Hunter

had been unable to fix it and so had all plumbers to whom it had been referred; that it was an old style pattern no longer made.

Water Petition

In re Water Petition, Mr. Peters stated he had placed it in the hands of two circulators who reported that people were satisfied with the present rate, and they had secured but forty signatures. After some discussion the Board decided to postpone further action.

Columbus Avenue

Ordinance No. 121 providing for the widening of Columbus avenue, came up for second reading and was adopted.

Parkway Trees

Trustee Henry reported that Mrs. Rich wished permission to remove two pepper trees from a Tropic avenue parkway and replace them with palms. Permission granted.

Demands

The following demands were then allowed: Garbage collection \$40.50; Title Ins. Water Dept., \$2.50; cement testing \$9.00; charging batteries \$1.75.

The Board then adjourned.

PARK PROPAGANDA IN GLENDALE

Under the auspices of the Glendale Garden Society, Dr. J. W. Gregg of Berkeley addressed a large audience gathered in the auditorium of Union High to hear what he had to say of landscape gardening in parks and playgrounds. He was introduced by Mrs. Nanno Woods, president.

His talk was illustrated by stereopticon views of great beauty, most of them in colors and most of them taken from parks and private estates in California. "Gardening," he declared, "is the foundation of all human existence." He then showed an old print supposed to picture the hanging gardens of Babylon, and other old prints and plans of ancient gardens to show the antiquity of the art of landscape architecture. He spoke of the great value of the two expositions held in California in educating the public taste and said that the time had passed when children could be turned out to play in the streets. Playgrounds must be provided and the problem to be considered is how to make them beautiful by judicious planting and at the same time serve the purpose for which they are intended. He exhibited a number of fine plans, some of which have been carried out very satisfactorily in which provision was made for athletic fields, ball and tennis courts, wading and swimming pools, rest houses, etc., with shrubbery, trees and flowers appropriately placed. He spoke of the danger to municipalities in neglecting to purchase land for park purposes while it is to be had at a reasonable price, and was applauded for the warning, from which it would appear that Glendale citizens are desirous of securing a park. At the close of the lecture when the audience departed, each person received at the door either a bulb or a Christmas card, as a premium for attendance.

The Badger Club held a reciprocity meeting in Brackett Hall, Los Angeles last Wednesday at which Col. Light of the First Regiment of Federal Coast Artillery was presented with a beautiful American flag. Mesdames H. E. Bartlett and David Black of Glendale, represented the Tuesday Club.

SUDDEN DEATH

Robert Ogston, brother of Mrs. Mary S. Bowles, who has been associated with her in the dry goods business on San Fernando Road, Tropic, died suddenly Sunday afternoon. He was a victim of tuberculosis but has enjoyed fair health and in the morning arose, dressed and shaved and seemed to be in his ordinary health. In the afternoon he complained of not

feeling well, had a hemorrhage of the lungs and soon expired. He had been attended by a Christian Science practitioner. The remains were taken to Los Angeles where services were held. Interment was made in Rosedale cemetery on Tuesday. Mr. Ogston was a native of Scotland.

The sugar factory at Anaheim is running night and day with a force of 220 men.

FINALES OF THE CAMPAIGN

The California Dry parade held on Saturday in Los Angeles was highly satisfactory to all friends of the movement and probably the largest temperance parade ever held in this country. In the neighborhood of 50,000 souls participated. Tropico's delegation was large and enthusiastic. Three floats represented the town, one carrying about forty children from the Methodist Sunday school, another 25 from the Presbyterian school, a third bearing a combined choir led by three cornetists, Dr. Lucas, Miss Baker and Mrs. Ayers. Then there were about twenty private autos attractively decorated carrying temperance advocates who manifested their enthusiasm by waving banners and in other ways. The Rider auto was transformed into a pure white car, its occupants dressed in white. In Dr. Duncan's auto rode the ladies appointed to represent the Thursday Afternoon Club, Mrs. Wesley Bullis and Miss Ida Myers. The marching companies also numbered some Tropico representatives.

Monday evening Glendale had a big "dry" parade which quite eclipsed the parades organized for Wilson and Hughes. The W. C. T. U. and Good Templar organizations were of course prominent but all the fraternal orders were represented as well as private individuals in autos and on foot. Its destination was the High School where Colonel Wallace delivered a temperance address.

The State Board of Health has made new requirements for admission to training schools for nurses. After 1918 the candidate for admission must present a high school diploma and evidence of having taken four years of English, one year each of chemistry and biology, two years of hygiene, sanitation and household arts.

The annual convention of California High School Principals will be held in Riverside December 27th to 29th.

A "Community Day" has been arranged by the Ways and Means Committee of the Woman's Improvement Association of South Pasadena and set for November 17th. It will be reception day for the merchants when they will open their establishments to the inspection of the housewives of the city for the purpose of enlighten-

ing them concerning the stocks they carry and the advantage of trading at home. All the stores will invite visitors and give buyers a chance to get acquainted with small tradesmen whose stores they have never visited. Special jitney service has been arranged for the day which will close with a cafeteria dinner at the Woman's Club House.

LUSTERALL

The Tropico Garage and Machine Shop quotes some good points about LUSTERALL: It will not collect dust, is not affected by rain, mud, heat or cold; contains no acid; is a perfect auto body renewer and preserver; will outlast any other now used; is highly praised by thousands of car owners; and with every can they say: "Satisfaction or your money back." Try LUSTERALL.

Hundreds of cats are being entered in the Panama California International Cat Show to be held November 21, 22 and 23 at San Diego. The event will be a four-point show with outright wins. The finest cats in the Uni-

ted States are to be contestants for a 100 per cent more cups than were offered at the San Francisco Exposition in 1915.

A \$50,000 contract has been let for a two-story hollow tile residence on the State Highway near Van Nuys.

Boquel's body was interred in San Francisco near the resting places of two other aviators, Beachey and Christofferson.

Sir Ernest Shackleton is to head another antarctic expedition to rescue the crew of his ship Aurora.

BIRTHDAY PARTY

Miss Dorothy Dutton celebrated her twelfth birthday Tuesday with a party at the Keller studio on Brand boulevard. About thirty-five of her friends were entertained with games and dancing. In connection with the Paul Jones dance beautiful favors were bestowed, fans to the girls and whistles to the boys. The hostess was radiant in a dainty blue gown but pink predominated in the decorations, carried out with pink carnations, a beautiful birthday cake and pink ice cream.

LUNCHEON

Mrs. Charles Wallace Kimberly was hostess at a beautiful luncheon last Thursday complimenting Mrs. Knight, president of the State Federation of Women's Clubs, Mrs. Harmon, District President, Mrs. Hogue, Vice-President at Large, officers and directors of the Thursday Afternoon Club. A beautiful luncheon set of Maderia embroidery adorned the handsome round table about which the guests were disposed. In the center was banked bouquets of violets and Cecil Brunner roses and to each was attached a pink or a lavender ribbon leading to the plate of a guest, the pink, white and lavender scheme being carried out in the floral decoration of the room with jars of beautiful chrysanthemums. It was a five course luncheon and at its conclusion the ladies received their bouquets as dinner favors.

Mrs. Charles Wallace Kimberly and Mrs. Bartlett, president of the Glendale Tuesday Afternoon Club, last week attended a reciprocity meeting of the Shakespeare club of Pasadena. A reception was held from eleven to twelve to enable the ladies to meet State and District officers and members of the local organization, then a splendid luncheon was served. The excellent program which followed concluded with a gypsy program given by Miss Nell Lockwood, a dramatic contralto. The stage was set as a gypsy camp in which she gave character songs in appropriate costume.

Miss Eva Dutton of Virginia Place was the week end guest of friends in San Diego.

CONTROL OF CITRUS SCALE

An important article by Burr R. Jones, Chief Deputy of the Horticultural Commissioner of Los Angeles County on the control of citrus scale, discourages the use of sprays except on young and comparatively open trees where the spray can be made to reach all parts of the tree and thus come in contact with the scale. Owing to the fact that mature citrus trees never lose their leaves to any appreciable extent, no method will make possible the application of the spray to every leaf and twig and therefore spraying is ineffective. Only in the fall and early winter months when the scale are in the tender stages is the spray effective. Fumigation is recommended as far more efficient though more costly. Mr. Burr says: "I believe that within three years every man who has attempted spraying in a badly infected district has returned to fumigation as producing better results than he could attain by spraying.

Winter's The Time

When you most desire to keep your automobile looking bright and new.

LUSTERALL

renews and preserves. Is not affected by rain or mud, and insures the beauty of your car. Does not gum or spot. No acid, no wax. There's a sense of gratification when you know LUSTERALL is on your automobile. Many use it on furniture.

HIGH SCHOOL NOTES

Martha Ray, Jack Jenkins and Frank Balthis have been elected to the legislature by the A-9 class.

* * *

New members will be initiated at the meeting of the Spanish Club, La Tertulia at the High School Friday night and the event will be attended with some high jinks. Officers were elected at last week's meeting as follows: McGillis, president; Reid, vice-president; Ida Potter, Treasurer; Margaret Lusby, Secretary.

* * *

The staff of the Stylus plans to take in the convention of the Southern California High School Editorial Association, which will be held at the Hollywood High School November 10th.

AN INTERESTING LETTER

The following interesting letter was received from D. O. Martin just too late for last week's paper:

Okmulgee, Okla., Oct. 27th 1916.

Tropico Sentinel: As promised I drop you a line. We arrived safely on time via Santa Fe to Kansas City and Frisco to Okmulgee. Was surprised to find a city of 13,000 busy people. The business section has many buildings that would be a credit to many larger cities. Everybody and everything is oil and gas here and like California much of the gas is not of the lighting kind and occasionally you will find an oil man who has become a little slippery. I suspect such parties before coming here of having been in the real estate business in California. Not in Tropico, however, as there are no real estate men in Tropico proper, only a few scattered around the border who everybody knows are honest to a fault. No farming in this part of Oklahoma. The negroes raise some cotton, but don't pick half of it, it's too much work. The rural population is largely negroes, Indians and half-breeds. The city people seem to be up to date in every way. Lots of wealth, autos, short dresses and fine shoes, same as in Los Angeles, and then some.

D. O. MARTIN.

Twenty school mates of Miss Marie Oliver of Glendale, were entertained at her home Friday evening.

The State Board of Health denounces the destruction of more than 1000 state-owned free public school text-books by trustees of a school, in which there had been diphtheria, as "vandalism in the name of sanitation." The board says: "In the wildest flights of fancy the letter from the local health board used as justification could not have been interpreted to demand the destruction of the entire supply of books, though it might have sanctioned the destruction of a few actually used by the sick children."

TO TEST JITNEY ORDINANCE

The City Marshal and his deputy, Mr. Fairfield, are having a busy time enforcing the jitney ordinance, or trying to enforce it. Some of the traffic men are taking out licenses, others resisting. The Peoples' Stage Line (two busses) operated by a La Crescenta man, appeared before the Recorder November 3rd, took out a license for the two drivers and the case was dismissed. The "original Stage Line," operating six or eight busses on San Fernando Road, and the "Western Auto Company" also appeared on the third and asked for a continuance to the 13th. It is expected that these and perhaps the "Short Line" will join in an action to test the constitutionality of the ordinance in the Superior Court.

The Bradford Bakery, which has supplied considerable bread to Tropico, burned to ashes Sunday morning.

FREE LECTURE

On Christian Science, to be delivered by William R. Rathvon C. S. B. of Denver, Colorado, member of the Board of Lectureship of the Mother Church, the First Church of Christ, Scientist in Boston, Mass., in church edifice, corner 2nd and Maryland avenue, Glendale, Tuesday, November 9, at 8 p. m.

Public cordially invited.

The Maternity Hospital is the beneficiary of the Philanthropic Club of Glendale, which met Friday afternoon at the home of Mrs. W. J. Maxwell of Brand boulevard, Glendale. Garments are being made by the club for needy patients.

The Tuesday Afternoon Club's literary section met Tuesday at the home of Mrs. A. L. Weaver of Glendale. Early settlers in America, their manners and customs was the theme of the afternoon.

ORDINANCE NO. 120

AN ORDINANCE REPEALING SECTION 26-A OF ORDINANCE NO. 112 OF THE CITY OF TROPICO REGARDING LICENSE TAXES, AND AMENDING SECTION 29 OF ORDINANCE NO. 44 OF SAID CITY REGARDING PLUMBING.

The Board of Trustees of the City of Tropic do ordain as follows:

SECTION 1. Section 26-a of Ordinance No. 112 of the City of Tropic, entitled "An Ordinance of the Board of Trustees of the City of Tropic licensing and regulating the carrying on of certain businesses and occupations therein mentioned; providing license fees for the same and providing a penalty for the violation thereof and repealing all ordinances in conflict therewith," passed October 5th, 1915, said Section 26-a having been added to said Ordinances 112 by Ordinance No. 114 of said City, passed December 5th, 1915, is hereby repealed.

SECTION 2. Section 29 of Ordinance No. 44 of the City of Tropic, entitled "An Ordinance regulating building, plumbing, electric wiring and the construction of gas plumbing and gas pipes in the City of Tropic and fixing a penalty for the violation thereof," passed June 20th, 1912, is hereby amended to read as follows:

"SECTION 29. Any person desiring to do any plumbing work within the limits of the City of Tropic, shall apply to the Plumbing Inspector for a permit to do so, and shall with his application file with the Inspector a plan or drawing and description of the work to be constructed and an estimate of its cost, and no part of said work shall be commenced or done until after the Plumbing Inspector has issued a permit therefor. All such work shall be done in accordance with the rules and regulations set forth and provided for in this Ordinance. In cases where building permits are necessary, the plumbing permit will not be issued until after the building permit has been issued.

For the purposes of this Ordinance, the term "plumbing work" shall include the digging and construction of cesspools and permits shall be obtained therefor as herein provided.

For said plumbing permits the Plumbing Inspector shall charge and collect fees at the following rate, to-wit:

For work costing not more than \$75.00	\$1.00
For work costing more than \$75.00 and not more than \$500.00	1.50
For each additional \$100.00 or fraction thereof of the cost of said work above \$500.0025
And instead of the foregoing, for each cesspool to be constructed, \$1.00.	

A charge of \$1.00 shall be made by said Plumbing Inspector for every extra visit necessarily made by him in the performance of his duties. No charge will be made for the first in-

spection of rough work, or the first inspection of finished work, and no other permit will be issued to said plumbing contractor or owner until the above mentioned charge is paid into the office of the Plumbing Inspector.

The Plumbing Inspector shall keep, in proper books for that purpose, account of all fees paid, giving the name of the party, date and amount of said fee or fees, which said book shall be kept open for public inspection, and the Plumbing Inspector shall, on the first day of each month, render a report, under oath, to the Board of Trustees of the number of permits issued, the value and character of the work to be done thereunder, with the amounts collected for the same during the month preceding. He shall also deposit with the City Treasurer the amount collected by him during the said month, taking duplicate receipts for the same, and file one of such receipts with his said report.

SECTION 4. The City Clerk shall certify to the passage of this Ordinance, and shall cause the same to be published once in the Tropic Interurban-Sentinel, a weekly newspaper published and circulated in said City.

Passed by the Board of Trustees of the City of Tropic and approved at their regular meeting held on the 31st day of October, 1916.

FRANK E. PETERS,

President of the Board of Trustees. I hereby certify that the foregoing Ordinance was introduced before the Board of Trustees of the City of Tropic at their regular meeting held on the 24th day of October, 1916, and was duly passed by said Board at their regular meeting held on the 31st day of October, 1916, by the following vote, to-wit:

AYES: Trustees Alspach, Henry, Seal, Peters.

NOES: None

ABSENT Trustee Boyce.

WITNESS my hand and the seal of said City, this 31st day of October, 1916.

(Seal) MARGARET R. COLEMAN
Clerk of the City of Tropic.

A live committee was also appointed to arrange for Members Entertainment Night, November 23rd. The contest for attendance shows whites in the lead.

PUBLICITY COMMITTEE.

CERTIFICATE OF TRANSACTION OF BUSINESS UNDER FICTI- TIOUS NAME

The undersigned hereby certifies as follows:

That his true name in full is Henry W. Butts;

That he now is, and has been since April 19, 1916, transacting a retail grocery business at No. 204 South San Fernando Road, in the city of Tropico, California, under the name of THE B & B STORE, and that he is, and has been since said date, the sole proprietor of said business;

That his place of residence is, and has been since said date, the city of Tropico, California.

In witness whereof the undersigned has hereunto set his hand this 17th day of October, 1916.

HENRY W. BUTTS.
STATE OF CALIFORNIA,)

) ss
County of Los Angeles)

On this 17th day of October, 1916, before me, John A. Logan, a Notary Public in and for the County of Los Angeles, State of California, duly commissioned and sworn, personally appeared Henry W. Butts, known to me to be the person whose name is subscribed to the foregoing certificate, and acknowledged to me that he executed the same.

(Seal) JOHN A. LOGAN,
Notary Public in and for the County of Los Angeles, State of California.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
